

Africa and Plymouth

by Nahom

In Africa, it was sunny every day.

In Plymouth there is sun but it is cold.

In Africa all people are poor and some are rich.

In Plymouth all people are rich and some are poor.

In Africa there is no snow.

In Plymouth there was snow. Lots of it.

I see the cool stuff that I was doing in Africa and it reminds me how to climb.

I have so much fun.

It was so sunny like Africa.

I see cows and they remind me of my cows and my sheep.

I see horses that I have never seen before.

I saw the mountain and that reminded me of Africa's mountains.
